Independent auditors' report on the review of the condensed consolidated interim financial information

The Board of Directors National Marine Dredging Company (Public Shareholding Company) Abu Dhabi

Introduction

We have reviewed the accompanying condensed consolidated interim financial information of National Marine Dredging Company (Public Shareholding Company) ("the Company") and its subsidiaries (collectively referred to as "the Group") as at 30 June 2013, which comprise the condensed consolidated interim statement of financial position as at 30 June 2013, and the condensed consolidated interim statements of comprehensive income, changes in equity, and cash flows for the six-month period then ended, and notes to the interim financial information. Management is responsible for the preparation and presentation of the condensed consolidated interim financial information in accordance with International Accounting Standard IAS - 34 Interim Financial Reporting. Our responsibility is to express a conclusion on the condensed consolidated interim financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of consolidated interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2013 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with IAS - 34 *Interim Financial Reporting*.

Emphasis of matter

Without qualifying our review conclusion, we draw attention to note 12 to the condensed interim consolidated financial information, which states that management has exercised significant judgment in estimating the amounts of revenue recognised, and unbilled receivables recoverable, on projects wherein formal agreements are currently not in place for significant periods of time.

Notes to the condensed consolidated interim financial information

1 Legal status and principal activities

National Marine Dredging Company ("the Company") is a public shareholding company incorporated in the Emirate of Abu Dhabi. The Company was incorporated by Law No. (10) of 1979, as amended by Decrees No. (3) and (9) of 1985 issued by His Highness Sheikh Khalifa Bin Zayed Al Nahyan, who was then the Deputy Ruler of the Emirate of Abu Dhabi.

The Company is primarily engaged in the execution of dredging contracts and associated land reclamation works in the territorial waters of the United Arab Emirates ("UAE"), principally under the directives of the Government of Abu Dhabi ("the Government"), who is the major shareholder.

The condensed consolidated interim financial information of the Group as at and for the six month period ended 30 June 2013 includes the financial performance and position of the Company and its below mentioned subsidiaries (collectively referred to as "the Group").

Subsidiary	Country of incorporation and operation	Share of equity %				Principal activity
Emarat Europe Fast Building Technology System Factory L.L.C (Emarat Europe)	UAE	2013 100	2012 100	Manufacturing and supply of precast concrete		
National Marine Dredging Company (Industrial)	UAE	100	100	Manufacturing of steel pipes and steel pipe fittings		
ADEC Engineering Consultancy L.L.C	UAE	100	100	Consultancy services in the field of civil, architectural, drilling and marine engineering along with related laboratory services		

For more information on the acquisition / formation of subsidiaries, refer note 25.

2 Statement of compliance

The condensed consolidated interim financial information has been prepared in accordance with the International Accounting Standard IAS 34 - *Interim Financial Reporting*. They accordingly do not include all the information required for a complete set of annual financial statements, and should be read in conjunction with the consolidated financial statements of the Company as at and for the year ended 31 December 2012.

3 Significant accounting policies

The accounting policies applied by the Group in these condensed consolidated interim financial information are the same as those applied by the Company in its financial statements as at and for the year ended 31 December 2012, except for the adoption of new standards and interpretations effective as of 1 January 2013 as disclosed in note 3(a).

(Public Shareholding Company)

Notes to the condensed consolidated interim financial information

3 Significant accounting policies (continued)

a) New standards, interpretations and amendments adopted by the Group

The Group applies, for the first time, certain standards and amendments. These include IFRS 10 Consolidated Financial Statements, IFRS 11 Joint Arrangements, IFRS 13 Fair Value Measurement and amendments to IAS 1 Presentation of Financial Statements. As required by IAS 34, the nature and the effect of these changes are disclosed below. In addition, the application of IFRS 12 Disclosure of Interest in Other Entities would result in additional disclosures in the annual consolidated financial statements.

Several other new standards and amendments apply for the first time in 2013. However, they do not impact the annual consolidated financial statements of the Group or the interim condensed consolidated financial information of the Group.

The nature and the impact of each new standard/amendments impacting the consolidated financial statements and interim condensed consolidated financial information of the Group are set out below:

IAS 1- Presentation of Financial Statements (amendments)

The amendments to IAS 1 introduce a grouping of items presented in other comprehensive income (OCI). Items that could be reclassified to profit or loss at a future point in time (e.g., net gain on hedge of net investment, exchange differences on translation of foreign operations, net movement on cash flow hedges and net loss or gain on available-for-sale financial assets) now have to be presented separately from items that will never be reclassified to profit or loss (e.g., actuarial gains and losses on defined benefit plans and revaluation of land and buildings). The amendment affected presentation only and had no impact on the Group's financial position or performance.

IFRS 10 Consolidated Financial Statements and IAS 27 Separate Financial Statements

IFRS 10 establishes a single control model that applies to all entities including special purpose entities. IFRS 10 replaces the parts of previously existing IAS 27 Consolidated and Separate Financial Statements that dealt with consolidated financial statements and SIC-12 Consolidation – Special Purpose Entities. IFRS 10 changes the definition of control such that an investor controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. IFRS 10, sets following criteria to meet the definition of control:

- (a) an investor has power over an investee;
- (b) the investor has exposure, or rights, to variable returns from its involvement with the investee; and
- (c) the investor has the ability to use its power over the investee to affect the amount of the investor's returns.

IFRS 10 had no impact on the consolidation of investments held by the Group.

IFRS 12 Disclosure of Interests in Other Entities

IFRS 12 sets out the requirements for disclosures relating to an entity's interests in subsidiaries, joint arrangements, associates and structured entities. None of these disclosure requirements are applicable for interim condensed consolidated financial information, unless significant events and transactions in the interim period require that such disclosures are provided. Accordingly, the Group has not made such disclosures.

(Public Shareholding Company)

Notes to the condensed consolidated interim financial information

3 Significant accounting policies (continued)

a) New standards, interpretations and amendments adopted by the Group (continued)

IFRS 13 Fair Value Measurement

IFRS 13 establishes a single source of guidance under IFRS for all fair value measurements. IFRS 13 does not change when an entity is required to use fair value, but rather provides guidance on how to measure fair value under IFRS when fair value is required or permitted. The application of IFRS 13 has not materially impacted the fair value measurements carried out by the Group.

4 Estimates

The preparation of condensed consolidated interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing the condensed consolidated interim financial information, except for the below, the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same, as those that applied to the financial statements as at and for the year ended 31 December 2012.

During the current period, in accordance with the Company's accounting policy, the management reassessed the useful lives and the residual value of the major items of property, plant and equipment and based on such a reassessment, determined that the estimated useful lives of marine equipment need to be revised. As a result of this reassessment, the estimated useful lives of marine equipment was revised from 4-20 years to 5-25 years and a residual value of 5% has been taken into consideration. Accordingly, depreciation for the period has been recognised based on the remaining net book value and the remaining useful lives of the assets. As a result of this change in estimate depreciation expense for the year is lower by AED 25 million.

5 Financial risk management

The Company's financial risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended 31 December 2012.

12 Trade and other receivables (continued)

66% (2012:66%) of the trade receivables balance above, amounting to AED 391,479 thousand (2012: AED 282,020 thousand) is receivable from the Government of Abu Dhabi, its departments and other related parties.

Unbilled receivables include AED 711,991 thousand (30 June 2012: AED 557,673 thousand), out of which AED 105,596 thousand (30 June 2012: AED 112,444 thousand) has been recognised as revenue during the period, receivable from Government of Abu Dhabi and its departments for which the contracts are not signed. The unbilled amount of AED 711,991 thousand includes an amount of AED 556,014 thousand, which is outstanding for periods exceeding one year as at the reporting date.

Management has exercised significant judgment in estimating the amounts of revenue recognised, and unbilled receivables recoverable, on these projects wherein formal agreements are currently not in place for significant periods of time. Furthermore, the unbilled receivables on such projects have not been subsequently invoiced or recovered for more than one year, consequently raising uncertainties over the recoverability of these amounts.

However, based on the status of discussions with the counterparties, past payment history and the relationship between the parties, management has assessed that these recorded amounts are fully recoverable.

¹Revolving Mudaraba Facility

Facility 1

In 2012, the Company obtained a Mudaraba facility from a commercial bank amounting to AED 350 million to finance the working capital requirements for projects executed by the Company. As per the facility agreement the Company was entitled to draw down the amount against invoices raised on certain projects and the bank was entitled to a profit of 3 months EIBOR + margin. In December, 2012 the Company settled the facility in full and replaced this facility with another Mudaraba facility with another commercial bank.

During the current period, the Company has availed an amount of AED 133 million from Union National Bank. The amount is repayable on realisation of the invoices against which facility is obtained or two years from the date of first draw down of the underlying tranche and carries a profit of 3 months EIBOR + margin. The facility was secured against the assignment of proceeds from projects financed under the facility, in the favour of bank. As at 30 June 2013, the balance outstanding amounted to AED 133 million.
